Pima Community College, with boost from County, offers 'FastTrack' to in-demand jobs

David Salinas never saw himself working in the information technology field. Even if he had, he

probably wouldn't have been able to afford the training necessary to enter the industry. That was until he joined PimaFastTrack, the Micro-pathways program at Pima Community College.

The program is partially funded by the American Rescue Plan Act of 2021. PimaFastTrack is one of many stories you'll find featured on PimaRecovers, a website offering public review of grants received by Pima County to address the pandemic.

Program helps curb noise, emissions from landscaping tools while saving users money

Eric Hostetter, the owner of Hoss Haus Home Improvement LLC, was in the market for new tools. A friend told him about the <u>Cut Down Pollution</u> program,

an initiative by Pima County's <u>Department of Environmental Quality</u>, which enabled him to drop off his old, gas-powered equipment at the Los Reales Landfill in exchange for a receipt. He sent that receipt to DEQ and received several vouchers to use at his local Home Depot store. Hostetter ultimately came out with brand-new, battery-powered equipment and several hand tools. "And it saved me about 400 bucks," he said.
