

Rent tools with Tucson Toolbox!

We're excited to share a new local resource, the [Tucson Toolbox](#), our local community tool library!

Tool libraries, which let you check out tools for a few weeks, are a great resource for people who want to do projects but don't want to purchase a tool they might only use once. Tools can be hundreds of dollars, so this is a great way to get the machine you need for the job without breaking the bank.

Tucson Toolbox runs out of the [Catalyst Creative Collective](#) in the Tucson Mall, and they are open **Mondays 5-7pm**. Catalyst is located on the first floor of just west of Dillard's.

The Tucson Toolbox is accepting donations of tools to help expand their collection. Please direct all tool donations to them to help them grow! Contact them at tucsontoolbox@gmail.com.

Check out their [website](#) to sign up to rent and get more information!
